Industrial, raw and laidback: Pllek is the ideal location for many different events. Located on the historic NDSM wharf on Het IJ, with a fantastic view on the Amsterdam skyline.

Next to our restaurant is the space that is available for rent. Like the restaurant, this space is build out of shipping containers and an interior made of recycled materials, which ensures a cool and lively look. Adjacent to the room is a (private) terrace and beach where you can enjoy the unique atmosphere that Pllek has to offer until late in the evening. Escape the daily worries and experience the feeling of freedom. Pllek is not called 'an island in the middle of the city' for nothing.

Renting a space at Pllek also means that you are part of our mission: to contribute to a better world. We strive to become more sustainable on more and more fronts. That is why our entire food & drink chain has the lowest possible "food print" and our menu consists of at least 75% vegetarian dishes, of which 25% are vegan. We work closely with suppliers who share our vision and source their products locally as much as possible.

As the largest green restaurant in Amsterdam, we have proven that all this goes well together, without compromising on quality and taste experience!
